¿Cómo crear una cuenta en la nube de Shining 3D?

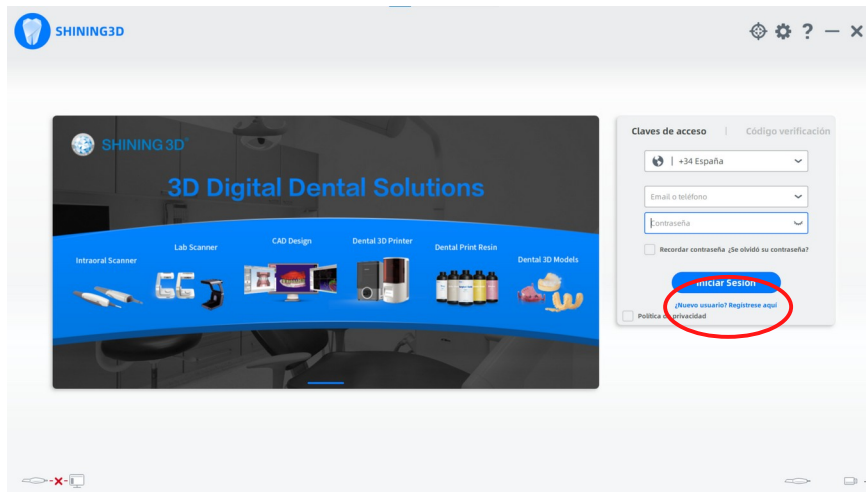

¿Cómo crear una cuenta en la nube de Shining 3D?

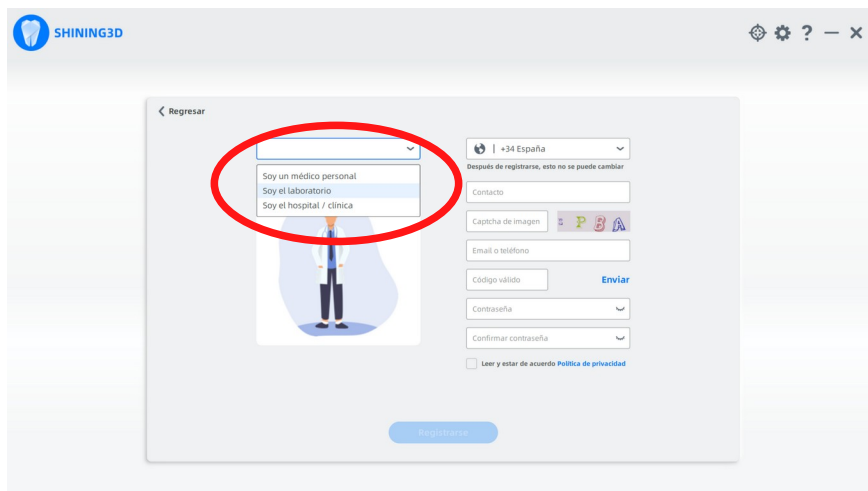

Tenemos dos opciones, hacerlo directamente desde la página web www.dental3dcloud.com o desde el mismo software del intraoral.

OPCIÓN 1. Desde el software del intraoral 3

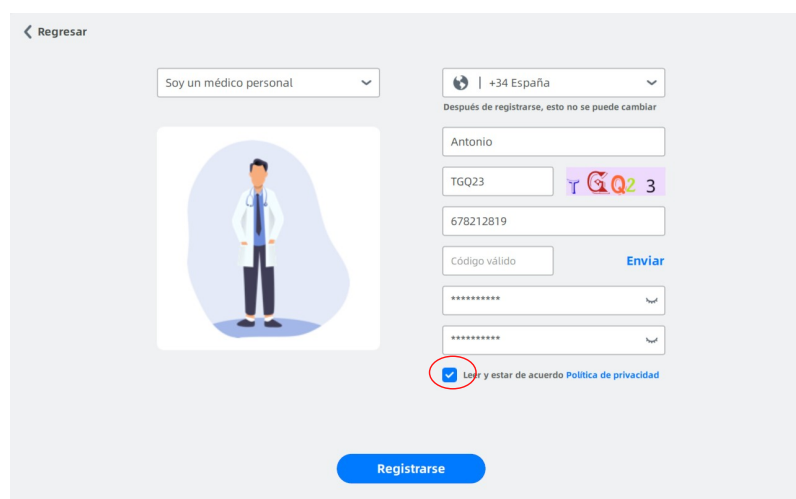

1. Pulsamos en “¿nuevo usuario? Regístrese aquí” Se nos abrirá una ventana donde hacer el registro.

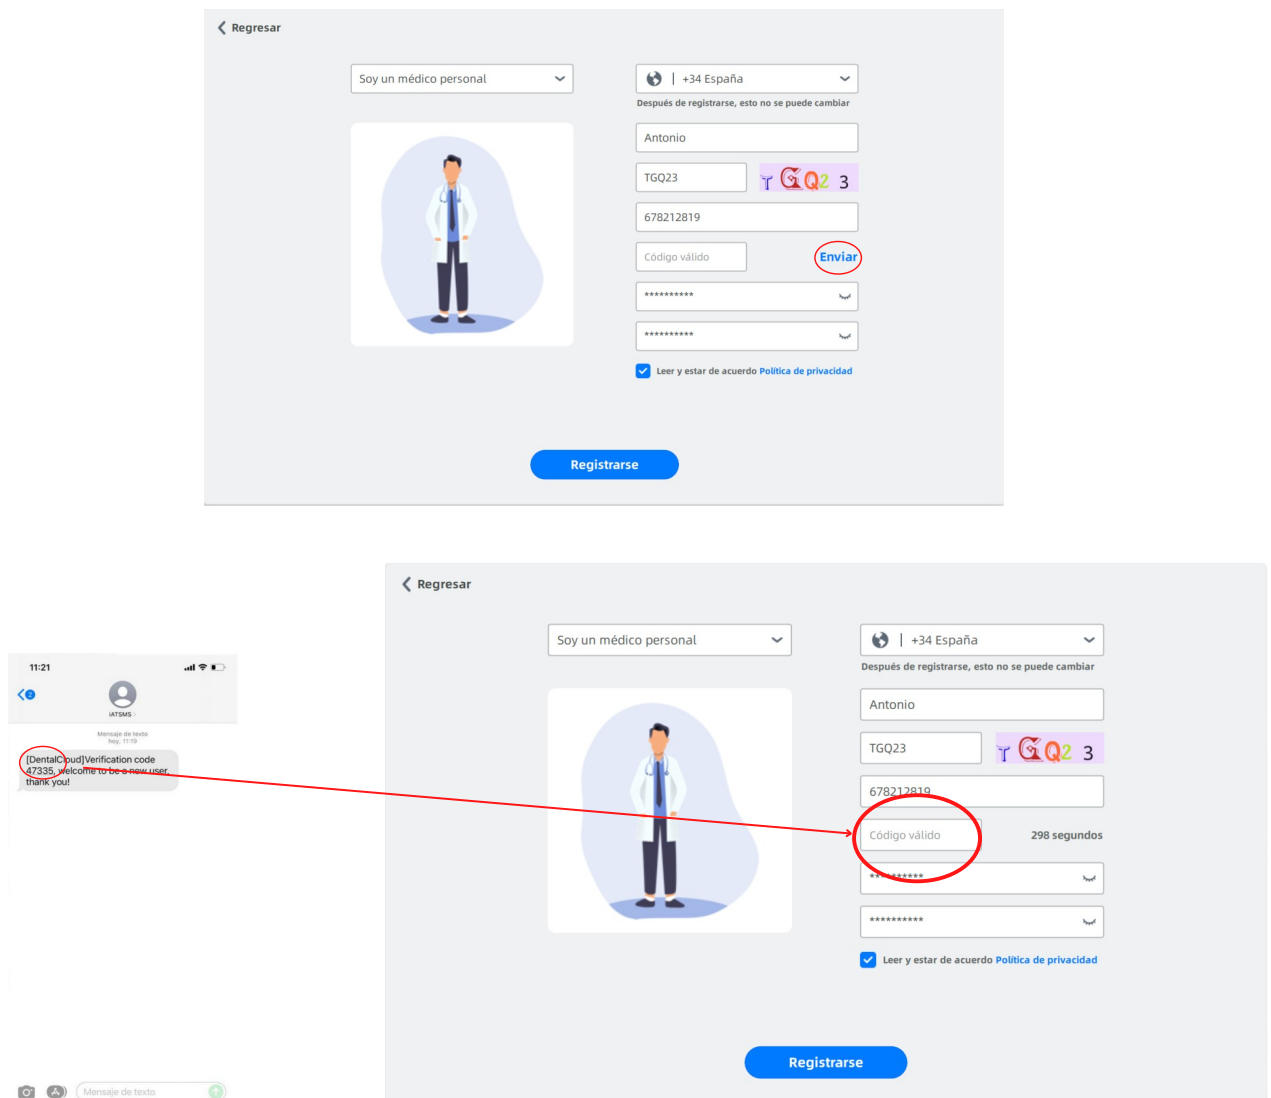

2. En el desplegable de la izquierda seleccionamos el perfil, puede ser un doctor, laboratorio o clínica, seleccionaremos el que más se adapte a nuestro perfil.

3. Introducimos los datos requeridos: Nombre de contacto, captcha, email o número de teléfono y la contraseña. Pulsamos para aceptar la política de privacidad.

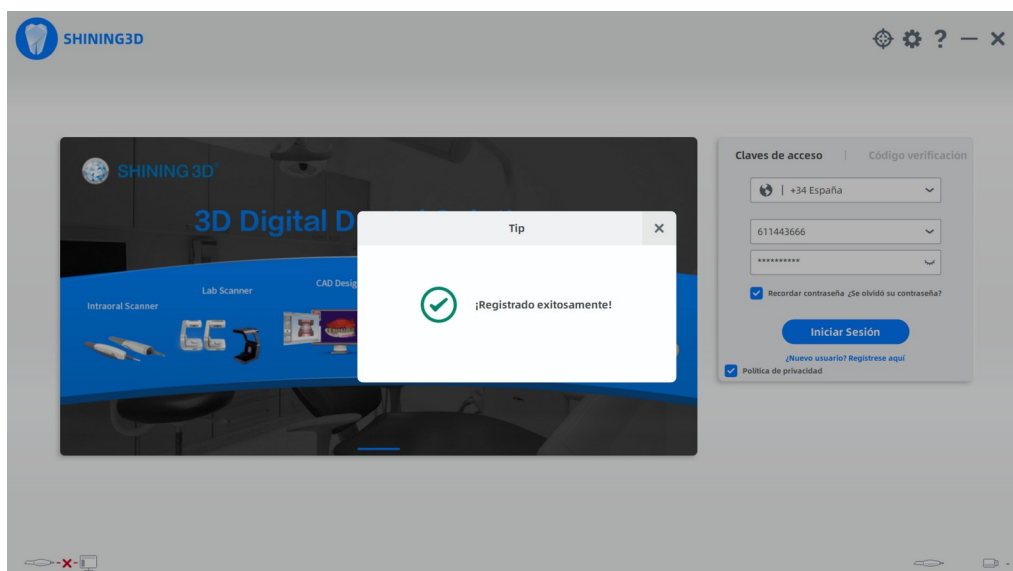

4. A continuación, pulsamos en enviar, tendremos que comprobar en el email o número de teléfono introducido, ya que recibiremos un código de validación que tendremos que introducir.

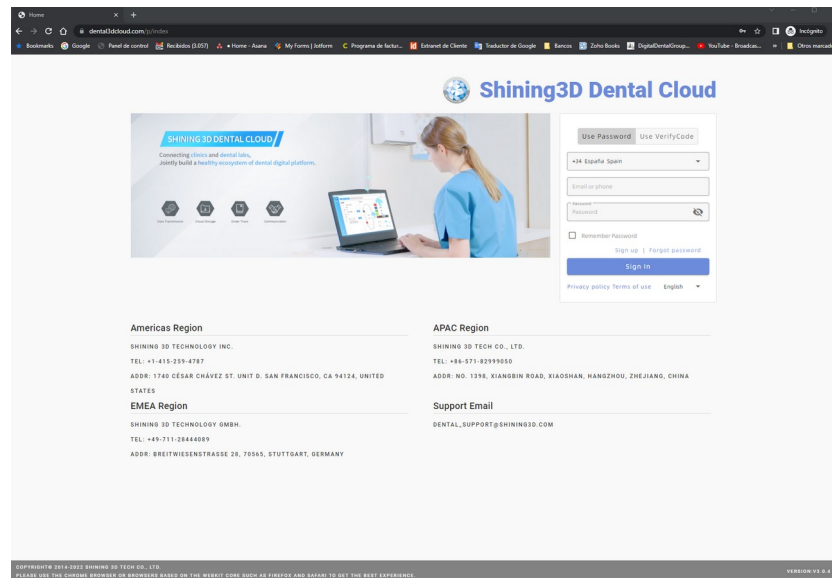

The image shows a registration form for a medical professional. The form includes a dropdown menu for "Soy un médico personal", a country selection for "+34 España", and a note "Después de registrarse, esto no se puede cambiar". The form fields are: "Antonio" (name), "TGQ23" (username), "678212819" (phone number), "Código válido" (verification code), and two password fields. A red circle highlights the "Enviar" button. Below the form is a "Registrarse" button. To the left, a screenshot of a text message from "DentalCloud" shows a verification code "67335" and a "thank you!" message. A red arrow points from the message to the "Código válido" field in the registration form.

5. Cuando tengamos todos los datos introducimos pulsamos en “Registrarse” y ya tendríamos nuestra cuenta creada. Con esta cuenta podemos acceder al Software del Intraoral y a la nube de Shining 3D desde cualquier dispositivo en el enlace www.dental3dcloud.com

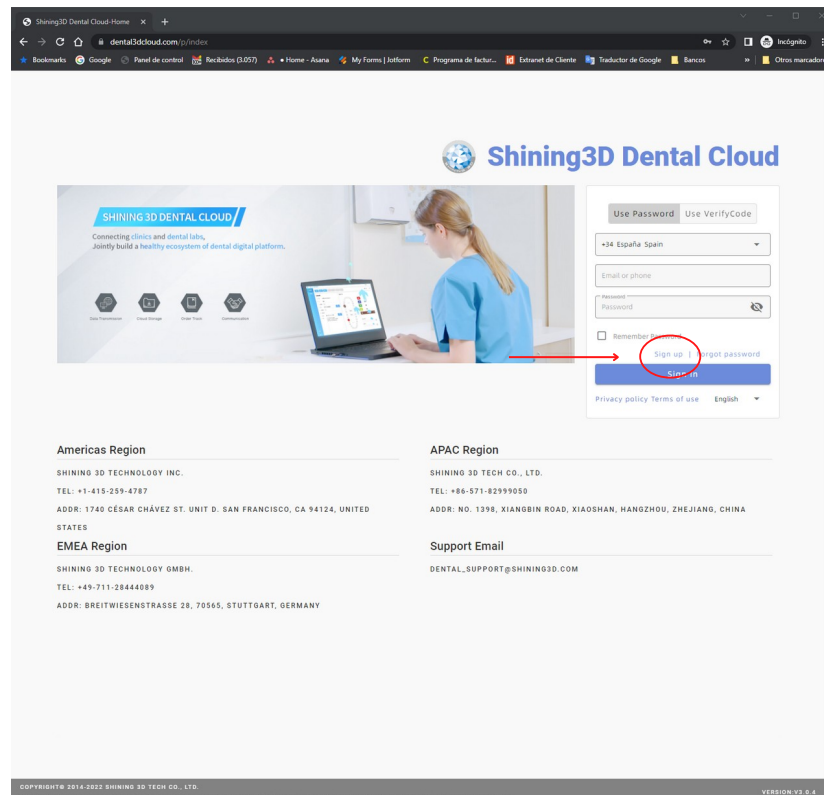

OPCIÓN 2. Desde la web (Ver tutorial)

1. Accedemos a la web www.dental3dcloud.com

2. Hacemos clic en “Sign up”

3. Nos aparecerá una ventana en la que darnos de alta
